## Experience

### Professor of Economics and Public Finance

Jun 2024 - Present

As a professor of economics, I'm a leading expert in the field, responsible for teaching and inspiring the next generation of economists. my duties :typically involve

Teaching: Delivering undergraduate and graduate courses on various economic theories, principles, and models. This may involve lectures, .discussions, seminars, and guiding independent student research

Research: Conducting original research to advance the field of economics. This could involve analyzing economic data, developing new economic

.models, and publishing my findings in academic journals

Mentorship: Guiding and supporting students through their academic journey. This involve advising on coursework, research projects, and .career paths

Staying Current: Keeping up-to-date with the latest economic developments, research, and theories to ensure my teaching and research .are relevant and impactful

Service: Contributing to the university and the profession by serving on committees, participating in departmental activities, and potentially engaging in public outreach
